Hi Scout and Venturer Leaders and Scout families

Please find below key details for our upcoming Survival Camp next month. The camp is open to Scouts and Venturers and spaces are limited to 40 participants. The activities during the camp will be provided by the Survival Team and will cover OAS Bushcraft (Survival Skills) requirements across stage 3, 4, and 5. There may also be the chance for more advanced participants to check off elements of Stage 6 if they engage in some planning ahead of time.

Participants must attend in Patrols of 3 or 4. They will sleep in tents on Friday night and then build a shelter on Saturday and sleep in it for the night. Please ensure this is clear to participants and they are prepared to spend the night outside to meet this OAS requirement. Pre-formed Patrols are highly recommend as they will need to work together through the night maintaining their fire and shelter but we may be able to bring individual participants together if need be.

When: 11th - 13th of September
